Notes

- (1) Passenger Counts based on survey commissioned from Data Audit Systems Pty Ltd
- (2) Refers to either the origin wharf (inbound services) or terminating wharf (outbound services).
- (3) Average number of passengers boarding this service during the survey period. Actual load at a point in time may be less due to passengers disembarking or embarking the service at intermediate stops. This is often the case for Darling Harbour services.
- (4) Surveyed capacity of smallest vessel normally operating this service. Many Zoo services are operated by larger Lady Class vessels.
- (5) CQ time is the time the service is scheduled to either depart Circular Quay (outbound services) or arrive at Circular Quay (inbound services)
- (6) Peak services are defined as inbound services arriving at Circular Quay or Darling Harbour between 7:00 am and 9:00 am and outbound
